Hiring Manager

Mount Royal University

4825 Mount Royal Gate SW

Calgary, AB T3E 6K6

Dear Hiring Manager,

I am writing to express my interest in the Security System Technician position at Mount Royal University. With over six years of experience in planning, coordinating, installing, and managing complex security and surveillance systems, I believe I can bring a wealth of knowledge and hands-on expertise to your team.

In my most recent role at the Royal Bhutan Police and Bhutan Telecom Limited, I managed high-value security projects with budgets exceeding 149M BTN, including large-scale installations of IP cameras, Vehicle License Plate Recognition (VLPR) systems, and Alarm Management Systems. These projects required a detailed understanding of network infrastructure, security system integration, and troubleshooting. My expertise includes working with industry-leading brands such as Axis, Hikvision, Bosch, and Cisco, which I believe would translate seamlessly to the security infrastructure needs at Mount Royal University.

I have developed a strong technical background in not only physical security systems but also in system administration and network security, ensuring the health and reliability of deployed solutions. I am well-versed in monitoring system performance, resolving issues, and implementing preventive measures to maintain the integrity of the security infrastructure. Additionally, my experience in training technicians and developing Standard Operating Procedures (SOPs) would contribute to a streamlined and efficient workflow at Mount Royal University.

Furthermore, my ongoing education in Computer Programming (HTML, CSS, Java, React, and Database Management) and ICT security has kept me up-to-date with the latest trends in the field, positioning me as a highly adaptable candidate who thrives in both hands-on and technical roles.

I am excited about the opportunity to bring my skills and experience to Mount Royal University and contribute to maintaining a secure campus environment. I look forward to discussing how I

can be an asset to your security team and how my background aligns with the needs of your department.

Thank you for your time and consideration. I look forward to the possibility of contributing to the safety and security efforts at Mount Royal University.

Sincerely,
Pratap Singh Darjee
